

# Partnership for Coastside's Future

## Resident Survey

Coastal Infrastructure: What are your  
priorities?

We have identified strengthening Coastside infrastructure as one of our top priorities for the district, and we're working with our local leaders to move critical projects forward. We'd like your help in focusing our time and federal resources. On the following page, please choose up to five projects to focus on, in order of importance.

**1. Location or home city**

---

**2. Rank our top Coastside infrastructure challenges.**

	1	2	3	4	5	6	7	8	9	10	11
Poor quality or access to drinking water											
Impact of coastal erosion on Highway 1											
Impact of coastal erosion on neighborhoods, piers, beaches, local roads, and sea walls											
Local streets: pavement condition, flooding, or safety											
Power outages/reliability											
Internet access at home											
Cellular service and signal quality											
Sewer system backups, odor, or capacity											
Access to or quality of trails, beaches, and other recreational assets											
Fire risk											
Harbor access, safety, or capacity											

**3. Other community infrastructure problem:**

---

**4. Do you want to subscribe to Congressman Liccardo's newsletter?**

Yes

Email address:

---

No
